

EXPAND YOUR HORIZONS

If you want the opportunity to be taught by a team of international experts, the chance to study in four fantastic locations in Europe and gain the skills required to address an issue of global importance - food security - then this Joint Master Degree is for you!

WHAT'S ON OFFER?

Our Joint Masters Degree in Aquaculture, Environment and Society (ACES) will give you a unique opportunity to study in the United Kingdom, Crete-Greece, France and the Netherlands, as well as allowing you to gain the practical skills needed for a successful career in Aquaculture through industry-led research programmes and fieldwork. This full time, 2 year course is specifically targeted at highly talented European and International students with a Bachelor's degree (or equivalent) in one of the fields of environmental or social sciences, who wish to advance their knowledge and expertise.

ERASMUS PLUS – WHO CAN APPLY?

Applications from EU and non-EU candidates are welcome – the programme is aimed at students from all over the world. Its transnational focus will equip you with an in-depth understanding of the main challenges and pressures facing an industry which is set to become globally one of the fastest growing animal-food producing sectors.

WHAT ARE THE COSTS?

Tuition fees are very competitive: 4,500 €/year for European Students and 9,000 €/year for all other students. Further details are available from our website:

<http://www.emm-aces.org/>

HOW TO APPLY?

If you are interested in applying for the ACES programme, then please download the application forms from our website or contact Helen Bury, email ACES@sams.ac.uk

WHAT IS THE DEADLINE FOR APPLICATION?

The deadline for 2020 intake is **14 February 2020**
