

***Erasmus Mundus Scholarships are available
for our next intake of students starting in September 2021!***

Students will be taught by a team of international experts, have the chance to study in four fantastic locations throughout Europe and gain the skills required to address an issue of global importance: food security through sustainable aquaculture production.

A fantastic opportunity has arisen for students which will allow them to

1. Study in up to four centres of European excellence for Aquaculture studies - Scotland, Greece, France and the Netherlands.
2. Work closely with industry and business in the world of Aquaculture and
3. Gain a Master degree through a highly prestigious European education programme supported by Erasmus Plus (previously Erasmus Mundus)

We are now recruiting our next intake of Erasmus Mundus students. If you wish to apply for a place on the EMJMD ACES+ for this intake starting in September 2021, **please contact us at ACES@sams.ac.uk**. Applications from EU and non-EU applicants are welcome – the course is aimed at students from all over the world. A limited number of Erasmus Mundus scholarships funded by the EACEA of the European Union are available and the closing date for scholarship applications is **15 February 2021**.

We are also accepting applications from applicants who are able to self-fund their studies. The cost of tuition fees per academic year is €5000 for international/non-EU students and €2500 for EU/UK students.

If you are interested in applying for a place on the course please contact our Education Administrator, Helen Bury, via email ACES@sams.ac.uk . **The closing date for**

scholarship applications is 15 February 2021. Please note, there is no application fee for ACES

We will continue to accept applications from self-funding students and applicants for our SAIC scholarship scheme until July 2021.
