

TO WHOM IT MAY CONCERN

Kindly requested to circulate the following announcement

CALL FOR APPLICATIONS

7th International Course - Care and Use of Laboratory Animals: mice, rats and zebrafish _ April to June 2021

A course on the care and use of laboratory animals (mice, rats and zebrafish) will be organized at the University of Crete (Department of Biology), in collaboration with the Institute of Molecular Biology and Biotechnology, FORTH, in April to June 2021.

Target groups: Professionals, PhD and post-graduate students from all fields of Biomedical Sciences who are responsible for directing as well as for carrying out animal experiments.

The contents of the course are in line with the requirements of the new European Directive 2010/63/EU (covering functions A, B, C, D) and the recommendations of the Federation of European Laboratory Animal Science Associations (FELASA) for the accreditation of Educational and Training courses in Laboratory Animal Sciences.

Please submit your application and CVs electronically by 15th of March 2021 following the link <http://labanimalcourse-crete.weebly.com/applications.html>

Applications deadline: 15th of March 2021.

Theoretical part of the Course - Online Courses - 12-23 of April & 10-21 of May 2021

Practical part of the Course - On-Campus Courses - 31 of May - 02 of June 2021

(Due to the ongoing coronavirus pandemic, we'll provide further updates, for the practical part of the On-Campus Courses, when they're available)
